

Sell it Faster Tip Gallery

This section will show you many things that potential home buyers don't find appealing. These are things that can be changed to increase the value and make a home sell faster. In this photo the wall is a turquoise blue. Although some may like this room, it could be a potential turn off for some buyers. In this case the entire atmosphere of this room could be changed by painting it a natural earth tone colors. Remember buyers like to be able to visualize their furniture in your home and a color like this could be a show stopper.

Some older home have dark paneling. You can see in this photo that you can prime and paint the dark paneling to make a room look brighter and more updated. This is a low cost alternative to replacing the paneling with drywall.

If you have dated or dirty carpet, clean or replace it before putting your home on the market. A buyer may be turned off by a home they feel needs to be fixed up. More Helpful Photos Coming Soon!
